

Elevate Collegiate Charter School is slated to receive \$180,625 over three years in federal funding under the American Rescue Plan (ARP). The intent and purpose of the ARP of 2021, Elementary and Secondary School Emergency Relief (ESSER III) funding is to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on students.

Accelerate Learning: In our first year of operation, ECCS saw significant academic growth in our students despite frequent interruptions from Covid; however, our achievement was impacted by the time devoted to handling the crisis and our inability to fully implement parental involvement activities. ECCS needs to protect our academic successes while addressing individual student cases where learning was impacted and providing full access to our campus resources for all families.

GOALS:

- Provide time and access to accelerated learning and social-emotional (SEL) services.
- Implement effective strategies for struggling scholars in partnership with their families.
